

PRODUCT DATA SHEET

CEILING SYSTEM SAVANNA FORCE

SAVANNA FORCE

The SAVANNA FORCE ceiling system is a high strength, narrow profile baffle with a distinct look providing superior acoustic performance, allowing for access to the plenum or with acoustic material for added noise reduction. With a variety of finishes available, the SAVANNA FORCE ceiling system will meet the needs of any project.

FEATURES

- Comes in various baffle profiles
- Visible suspension
- Unlimited access
- Different colors available

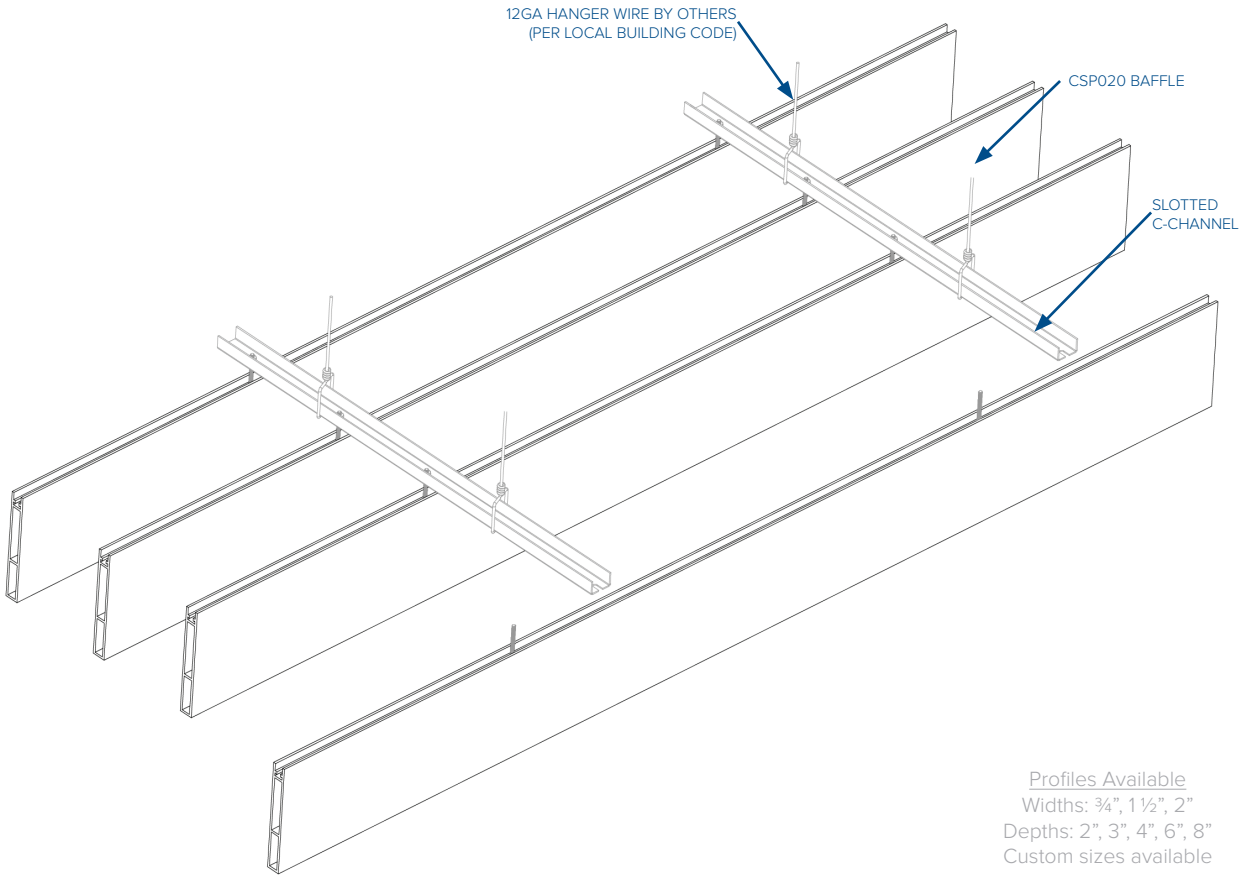

BENEFITS

- Easy installation and replacement of panels
- Stand-off system allows installation at varying heights
- Cost-saving labor with non-progressive installation
- 100% accessible

FIRE RATING

All metal ceiling panels and associated suspension systems are made entirely of noncombustible materials and meet all known code requirements.
